Dear Alumni, Parents and Friends,

EDWIN S. SHEFFIELD JR.,
Chair

I am excited to announce that Laurel Zimmermann, our Executive Director, has established the BAEF Fellows program I mentioned in last year's letter. This option gives students leadership opportunities by allowing them to assist at schools in dormitories, in the arts, and on the playing fields in return for room and board. We have had interest from the British schools and are excited to advertise the option. To that end we engaged Natalie Yates, a BAEF alumna, and her company, Blue Iceberg, to update our website. Please have a look and let me know your comments.

Please go to www.baef.org and click on [Fellows Program](#) to learn more. While you are there, please let us know your e-mail address on the [Contact Us](#) page. For those of you in the New York metropolitan area especially, we will be using e-mail to alert you to activities with other British organizations, as well as our own.

NATALIE M. YATES
Treasurer

We continue to assist students who wish to attend schools as students through our Scholars Program. British schools welcome BAEF Scholars as outstanding additions to their community.

Please keep the BAEF in mind throughout the year. We rely on you, our friends and alumni, to spread the word about our programs and the tremendous experience that a year in a British school provides. Also, please let us know any ideas you have for the program or for gatherings of BAEF friends or prospects in your area. And of course, we always rely on your financial support.

Many thanks for your continued loyalty and generosity.

Best for the New Year,

Win Sheffield
